

SMILE BRIGHTER FOR LIFE

**Membership Form**

739 Chicago Avenue Evanston, IL 60202 (847) 868-0599

We are happy to have you as a patient at Artful Smiles Dental Studio and helping you to keep your smile bright and beautiful for life is our top priority! We are excited to offer our patients Smile Brighter for Life Program!

After your initial exam and cleaning, we will make you complimentary custom bleaching trays and give you a startup bleaching gel kit. This is a savings of more than \$200! You will then receive a complimentary touch-up tube of bleaching gel at each of your 6 month preventive cleaning visits for life! With this amazing program, you can keep your teeth bright and beautiful for life!\*

What we ask of you in return is:

- You need to keep up with your 6 months preventive checkup and cleaning visits (for periodontal patients, 3-4 Hygiene visits per year). We care about your long term dental health and keeping up with your regular preventative visits can greatly reduce the chances of dental problems and emergencies. We are happy to offer this program as an additional benefit to our patients who are committed to their long term dental health.
- You need to provide us with at least 24 hour notice if you need to reschedule or change an appointment.
- \* Each new patient needs to complete a New Patient Exam, appropriate x-rays and Hygiene treatment.
- \* Each existing patient must have completed two preventative care visits within 12 months, which includes exams, prescribed Hygiene treatments and appropriate x-rays.
- \* Minimum teeth and gum health is required in order to prevent complications.
- \* All decay must be removed and restored by Dr. Korol within one year of diagnosis.
- \* Artful Smiles Dental Studio has the right to refuse Smile Brighter for Life Membership if deemed necessary based on patients health, abuse, misuse, or any other factor necessary to void the offer.

Thank you for investing in your dental health and we look forward to seeing your bright, beautiful smile for many years!

I have read and understand the Smile Brighter for Life Program.

Patient Name: \_\_\_\_\_ Date: \_\_\_\_\_

Patient Signature: \_\_\_\_\_

\*See office for complete details. Cannot be combined with any other offer. The complimentary touch-up tube at no charge is what is required to maintain whiteness for the "average" dental patient.

Patient must be at least 18 years old. Patient cannot be pregnant or nursing. Additional gel is available for purchase for patients desiring even brighter teeth or those with natural gray tones. There is no guarantee that whitening will work for everyone. If you lose, grind, or break your custom trays, they will be replaced at cost to patient. The cost of replacement trays and whitening gel will be evaluated annually and adjusted to reflect changes in material and operating costs. Patient and their family must have account in good standing in order to enroll and participate in this program. The Smile Brighter for Life membership is valid as long as Dr. Korol retains her private practice in dentistry.
